MOTION TO ENLARGE TIME

Now comes Movant, William Kuntz, III who appears here Pro Se and respectfully moves the Court for an Order extending the time within which to file a Notice of Appeal. It appears from the Records of the US Post Office that the Recent Adverse Weather Event delayed the Notice of Appeal sent by Express Mail to the Court. It is unclear as of this morning exactly why this happened but the United States Court of Appeals for the 2nd Circuit made provision for weather related delays as attached.

The Notice of Appeal, had it been delivered without Weather Delays would have been within the normal time limits.

Respectfully,

**William Kuntz, III

**UNITED STATES COURT OF APPEALS
FOR THE SECOND CIRCUIT**

Due to the infrastructure damage Hurricane Sandy caused throughout the mid-Atlantic states, some counsel and pro se litigants who have cases pending in this Court are unable to meet imminent filing deadlines set by the Federal Rules of Appellate Procedure or Court rules. In order to ensure the Court's ability to organize its docket and minimize the number of motions filed seeking an extension of time to comply with filing deadlines,

IT IS HEREBY ORDERED that a filing extension of seven calendar days is granted to filers who are required to submit a brief or other paper during the period beginning October 29, 2012 and ending when electrical power is restored to the locality where the filer works. The seven day extension will be calculated from the date power is restored in the filer's locality. When submitting the brief or paper to the Court the filer must submit a letter stating when the electrical power was restored to that locality.

This extension does not apply to a filer whose office is not located within the geographic area affected by Hurricane Sandy.
